

# CYFELCO T5 REC 2X24W DALI

## PRODUCT DATA

810-032

### General Information

|                         |                                                                                        |
|-------------------------|----------------------------------------------------------------------------------------|
| Order Code              | 810-032                                                                                |
| Product Description     | CYFELCO T5 REC 2X24W DALI                                                              |
| Application             | Offices, shops, educational and public centres, etc.                                   |
| Installation            | Exposed T-bar, Plasterboard Ceilings                                                   |
| Luminaire type          | Recessed Louvre Luminaire for T5 Lamps                                                 |
| Light Source            | T5 Fluorescent Tube                                                                    |
| Number of light sources | 2 pcs (not included)                                                                   |
| Gear                    | Vossloh-Schwabe DALIElectronic Ballast (HF)                                            |
| Dimming                 | DALI                                                                                   |
| Standards               | 2014/30/EU Electromagnetic Compatibility Directive<br>2014/35/EU Low Voltage Directive |
| CE mark                 | Yes                                                                                    |
| Warranty                | X years                                                                                |

### Electrical Data

|                  |           |
|------------------|-----------|
| Lamp Power       | 24 W      |
| Input voltage    | 220-240 V |
| Input Frequency  | 50-60 Hz  |
| Protection class | Class I   |

### Mechanical Characteristics

|                                   |                                                      |     |     |     |     |    |
|-----------------------------------|------------------------------------------------------|-----|-----|-----|-----|----|
| Housing Material                  | Sheet steel 0,5mm                                    |     |     |     |     |    |
| Surface Finish                    | White powder coating (RAL 9003)                      |     |     |     |     |    |
| Optical Cover                     | Anodised Aluminium Double Parabolic Reflector (CAT3) |     |     |     |     |    |
| Ingress protection code           | IP 20                                                |     |     |     |     |    |
| Mechanical impact protection code | IK03                                                 |     |     |     |     |    |
| Dimensions LxWxH                  | L                                                    | L1  | W   | W1  | W2  | H  |
|                                   | 597                                                  | 573 | 297 | 273 | 253 | 50 |

### Logistics

|              |                           |
|--------------|---------------------------|
| Packing      | 1 pc per resistant carton |
| Net weight   | xx kg                     |
| Gross weight | xx kg                     |
| Volume       | xx m <sup>3</sup>         |
